**Notes**

1. Where-the-jobs-are includes occupations with the largest number of employment opportunities for Gulf Coast residents based on total employment in 2020 irrespective of wages, educational requirements, or projected growth.
2. Occupations shown are limited to those with projected total annual job openings of 667 or more per year (the average number of openings across all occupations in the region over period of 2020-2030). Note that the majority of openings are likely to be the result of workers switching to new careers (transfers) thereby creating vacancies rather than openings due to retirements (exits) or new jobs created.
3. All data provided by Texas Workforce Commission - LMCI.
